

Technology Requirements

All the Tools You Need to Succeed

Learning is a collaborative process using 21st-century communication tools and technology.

We have outlined each student's basic technical requirements to full advantage of our programs and paired technology.

Technology Requirements

- Standard laptop computer with Windows (Please note: Mac OS is allowed, but onsite school support is minimal.)
- iPads, Smartphones, and other mobile devices are NOT recommended
- Up-to-date versions of Firefox, Chrome, Safari and Edge browsers are supported.
- High-speed internet connection (Cable, DSL)
- Students taking language courses will require a headset with a microphone.
- For online sessions with an academic coach, a webcam or camera-enabled computer is a must.
